1

Tablayı ters çevirip zemine paralel koyunuz. Komodini üzerinde bulunan deliklerden (3,5x30 luk) vida ile tablaya montajını yapınız. Sağ ve sol profilleri tablaya sıkınız.

Turn the table upside down and place it parallel to the ground. Mount it to the table with screws (3.5x30) through the holes on the nightstand. Tighten the right and left profiles to the table.

2

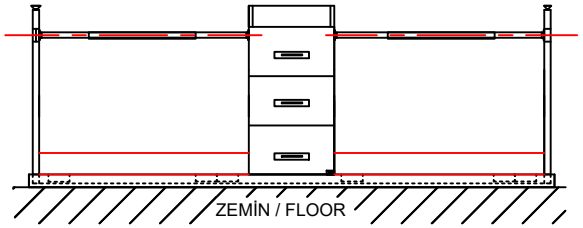

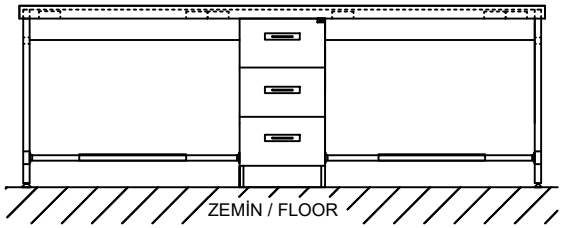

Tabla altı mdf yi komodin ve profil ayaklara sıkınız. Profil ayak basmayı komodine ve sağ / solda bulunan profillere flanşlardan sıkıp vida ile sabitleyiniz.

Attach the MDF under the table to the bedside table and profile legs. Attach the profile footrest to the nightstand and the profiles on the right/left by tightening the flanges and fixing it with screws.

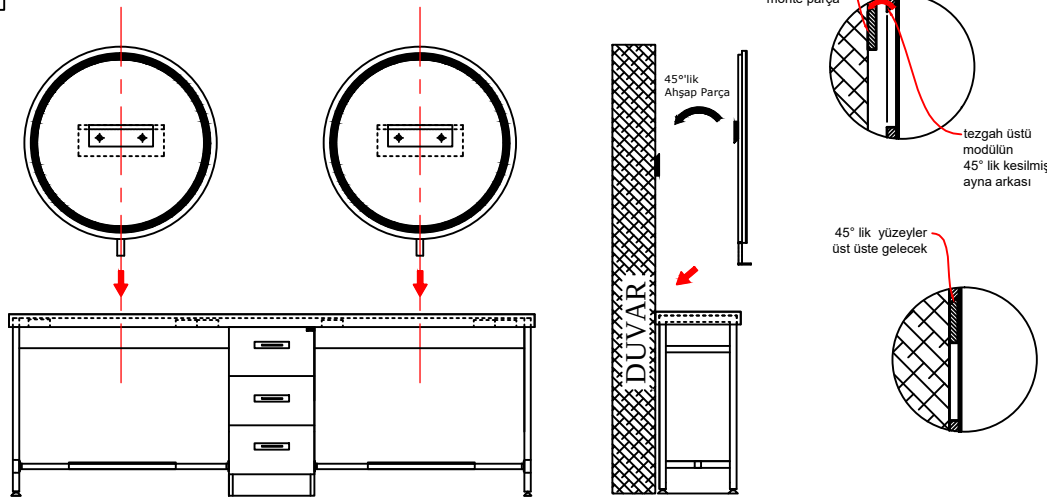

3

Tezgahı ters çevirip, ayaklar zemine gelecek şekilde duvara sabitleyiniz.

Turn the bench upside down and fix it to the wall with the feet on the floor.

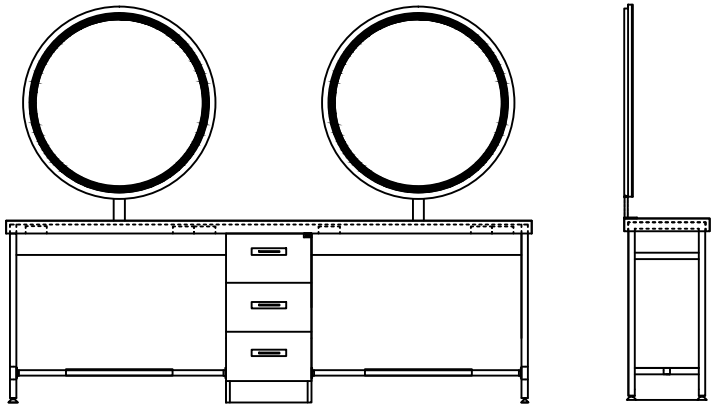

4

Aynayı askı 45 lerinden duvara asınız. Sorti kablasonu, ayna borusundan çıkartıp, boruyu tablaya sıkınız.

Hang the mirror on the wall using the hanger 45. Remove the sortie cable from the mirror tube and tighten the tube to the table.

5

Elektrik tesisatını yapıp, montajı bitiriniz.

Make the electrical installation and finish the installation.
